## ENERGY NETWORKS THANKS FRANK TUDOR

Energy Networks Australia (ENA) joins the rest of Australia's energy sector in congratulating Frank Tudor on a successful tenure as Managing Director of Jemena and Chairman of Zinfra.

ENA CEO Dom van den Berg said Mr Tudor's enormous contribution to the industry, and more specifically to ENA over the past seven years, demonstrated a commitment to viable, solutions-driven outcomes for the energy sector that will leave a legacy for years to come.

"In his role of Chair and Deputy Chair of ENA, Frank has led the organisation through some significant milestones, has shared his experience and breadth of knowledge, and has been a strong and steady steward for our members as we navigate the energy transition.

"Frank was instrumental in me joining ENA and has been a great support to myself and the entire team. We thank him for his contributions, commitment and leadership," Ms van den Berg said.

ENA Board Deputy Chair, Mr John Cleland, will act as Chair from 1 September until the board meets later that month when formal appointments will be made.
