

**ENERGY
CONSUMERS
AUSTRALIA**

Application

Energy Network Industry Consumer Engagement Award 2022

This award is to recognise an Australian energy network business that demonstrates outstanding leadership in consumer engagement.

Energy network businesses are making significant changes as Australia rapidly transitions to the future grid. Integral to the success of this transition is for the Australian community to have trust and confidence that networks are incorporating the values of their customers into all aspects of their business and delivering the services consumers want.

The panel encourages applicants to consider the 2021 **Judging Panel Insights on Best Practice Consumer Engagement** when preparing applications.

Additionally, applicants may also want to consider:

- The AER **Better Resets Handbook – Towards consumer-centric network proposals**, which includes principles and expectations for meaningful consumer engagement; and
- ENA's **Energy Vision**, which describes how energy networks will work together and with customers to enable Australia's net-zero future.

Eligibility

The 2022 Consumer Engagement Award is open to regulated electricity and gas networks that hold full membership with Energy Networks Australia.

Key dates

Applications open – 10 June 2022

Applications close – 22 July 2022

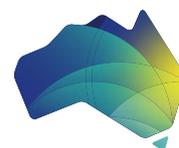

Shortlisted finalists notified

– 18 August 2022

Shortlisted finalists video conference Q&A with judging panel – from 19-25 August 2022 (if required)

Awards announcement

At ENA annual dinner on Wednesday 14 September 2022 in Melbourne

**Energy
Networks
Australia**

Winners will:

- » Receive an award presented at the ENA annual dinner on Wednesday 14 September 2022.
- » Be recognised via the Energy Networks Australia website, and other publications, where appropriate.
- » Receive two full registrations to the next Energy Networks Australia Conference + Exhibition (not transferable).

Guidelines

All entries must adhere to the following guidelines:

- » The 2022 Consumer Engagement Award is open to regulated electricity and gas networks that hold full membership with Energy Networks Australia. This excludes affiliates of Energy Networks Australia and / or any external business partners or suppliers.
- » Any ENA member company may nominate itself, another member or group of members and projects may also be collaborative activities involving multiple network businesses or between network businesses and their partners.
- » The application is to provide details of the consumer engagement strategy and its purpose, methods used and what the consumer engagement achieved. Most importantly, this should include the influence consumer engagement had on business decision making and outcomes.
- » The panel is looking for evidence of how organisations have worked with consumers to achieve specific outcomes, not statements of intent.
- » Reflections on learnings from the work undertaken are highly desirable.
- » Primary activity must be demonstrated between 1 July 2021 and 30 June 2022 but it is recognised it may have commenced prior to this date and may be enduring.
- » Entrants may submit only two entries for this category.
- » Entrants may not submit projects that have previously been nominated for this award unless the entrant can demonstrate how the project is substantially different from, or includes a significant enhancement of, the previous year's entry.

Context

- » In seeking nominations, it is recognised that consumer engagement may occur around a diverse set of issues or challenges including pricing, reliability, planning and environmental performance issues, but it must be supported by an organisational focus on customers that is championed and resourced by network businesses' senior decision makers.

The judging panel will consider how the consumer engagement achieved the following:

- » **Accessibility:** Did the network ensure the consumer engagement process was fit-for-purpose?
- » **Inclusiveness:** Was the network proactive in seeking out and empowering the diversity of consumer perspectives?
- » **Responsiveness and Transparency:** Did the network facilitate and respond to constructive consumer feedback, such that consumers influenced the project's evolution?
- » **Measurability:** Did the network measure the effectiveness of the engagement? Did the consumer engagement lead to better consumer outcomes?
- » **Leadership and transferability:** Was network leadership actively involved in the consumer engagement process? Will project learnings enable consumer engagement as business-as-usual in the network and industry?

How to make your submission:

- » Please submit your application in Word format in one document with a copy of the signed nomination form.
- » Please include up to five images and videos as part of your submission (note that not all items will be published in the report). Please provide a description for each item (eg Figure 1.....xxxx). Send images as separate files or through a file sharing service. Videos to be provided as links.
- » Award applications are due by close of business 22 July 2022.
- » Email your application to awards@energynetworks.com.au.
- » Any questions, please contact Alicia White on 0400 061 062.
- » Information on past awards can be found at www.energynetworks.com.au

Terms and Conditions

All entries are subject to the following terms and conditions:

- » All submissions become and remain the property of Energy Consumers Australia and Energy Networks Australia.
- » By submitting an entry, you consent to the information and imagery contained in the entry reproduced in future Energy Networks Publications.
- » To be eligible for this award, the nominating organisation must have been an Energy Networks Australia member between 1 July 2021 and 30 June 2022.
- » Entries must be signed by the CEO of an Energy Networks Australia member organisation.

By submitting an entry, entrants agree to be bound by these terms and conditions.

Application format

1. **Name of Project**

2. **Project partners** (If any)

3. **Project timeline** eg *October 2021 to May 2022*

4. **Location** eg *Tamworth, NSW*

5. **Description** **100 words max.**

Please provide a short description of the consumer engagement initiative, which may include why and how the consumer engagement strategy was developed, and what you set out to achieve by undertaking this project.

6. **Approach** **300 words max.**

Please provide a description of the engagement approach which may include:

- » Which consumers you engaged with, and why.
- » How you engaged with and empowered consumers in the process.
- » How you ensured your consumer engagement activities were fit-for-purpose.
- » Noting if this project was an evolution of your organisation's previous consumer engagement strategy.

7. **Benefits, results and outcomes** **300 words max.**

Please provide evidence of the outcomes of the consumer engagement project.

This may include:

- » How you facilitated and addressed constructive consumer feedback.
- » How you measured the effectiveness of the engagement process.
- » How the engagement process influenced your project outcomes.

8. **Leadership and transferability** **300 words max.**

Please elaborate on the key learnings for your organisation from this project.

This may include:

- » How the leadership team in your organisation was involved in this project.
- » How this project contributes to an ongoing high standard of consumer engagement across the energy network sector.
