## Deployment of Renewable Gas in Australia

**On behalf of Bioenergy Australia and Energy Networks Australia, we would like to invite you to support the Gas Symposium 2019. The Symposium will be held in Sydney on 6 June 2019 at the Maritime Museum, Darling Harbour, Sydney.**

The Symposium offers an inspiring overview on how biogas and hydrogen could play a leading role in decarbonising Australia's gas network. The program will include policy makers and innovative business and thought leaders in this space who are driving this new industry.

Attendees at this event will include gas pipeline owners and operators, gas distributors, federal, state and local government representatives in the waste, agriculture and energy sector, biogas and hydrogen producers and technology suppliers, engineers and project developers, investors and financial institutions, large waste producing industries such as pork, dairy, water treatment, agriculture, landfill, food processing and manufacturing.

The event will not only provide a good overview of the deployment of renewable gas in Australia, it will also address the technical aspects of creating and injecting biogas through the launch of the Biogas Opportunities for Australia report, written by ENEA Consulting and supported by Australian Renewable Energy Agency (ARENA), Clean Energy Finance Corporation (CEFC), Energy Networks Australia, Bioenergy Australia and the International Energy Agency - Bioenergy.

The symposium is designed to intensify relationships and connect opinion leaders, influencers, stakeholders and enablers to benefit from available opportunities and strengthen the opportunity to decarbonise the gas network through driving commercial projects.

This prospectus outlines the sponsorship and exhibition opportunities available to you to promote your company and increase its profile to this diverse group of professionals.

I look forward to seeing you at the Symposium and hope that you will see sponsorship as a valuable opportunity for your organisation.

**Shahana McKenzie**  
CEO  
Bioenergy Australia

**Andrew Dillon**  
CEO  
Energy Networks Australia

<b>9.00 – 9.30</b>	<b>REGISTRATION AND COFFEE</b>
9.30 – 9.40	Andrew Dillon, CEO Energy Networks Australia
9.40 – 11.10	<p><b>ADVANCING RENEWABLE GAS IN AUSTRALIA</b> Exploring policy and global drivers to accelerate Australia’s renewable gas industry, this session will highlight international policy approaches, domestic policy solutions and industry advances in driving this new industry.</p> <p>Commonwealth Government Representative, TBA</p> <p>Carsten Rosendahl, Consul General &amp; Trade Commissioner, <i>Driving a Renewable Gas Network in Denmark</i>, The big picture behind the green transition in Denmark and specifically the size, state, drivers and history of the Renewable gas industry.</p> <p>Kobad Bhavnagri, Head of Special Projects, <i>Hydrogen: the molecule to power a clean economy?</i>, BNEF BloombergNEF</p> <p><b>Panel discussion</b> <b>Facilitator:</b> Ben Wilson, CEO Australian Gas Infrastructure Group</p>
<b>11.10 – 11.40</b>	<b>MORNING TEA</b>
11.40 – 1.25	<p><b>CAPITALISING ON THE OPPORTUNITY</b> Looking at the opportunity for renewable gas within the Australian gas network and the policy framework to support its deployment this session will include two significant industry report launches</p> <p>Mendo Kundevski &amp; Trang Truong, <i>Biogas opportunities for Australia</i>, ENEA Consulting</p> <p>Professor Peter Ashman, Deputy Dean (Performance &amp; Infrastructure), <i>Novel technologies to lower the cost of hydrogen production</i>, Faculty of Engineering, Computer and Mathematical Sciences, The University of Adelaide</p> <p>Dr Gordon Weiss, Associate, <i>Renewable gas for the future</i>, Energetics</p> <p>Professor Peta Ashworth, <i>The Australian public’s perception of hydrogen for energy</i>, School of Chemical Engineering, The University of Queensland</p> <p><b>Panel discussion</b> <b>Facilitator:</b> Shahana McKenzie, CEO Bioenergy Australia</p>
<b>1.25 – 2.15</b>	<b>LUNCH</b>
2.15 – 3.30	<p><b>AUSTRALIA’S CASE STUDIES</b> Exploring projects and initiatives across Australia from both the creation and purchasing of renewable gas this session will look at the drivers and delivery of live projects</p> <p>Aidan Mullan, Engineering and Sustainability Manager, <i>Driving an offtake market for green gas</i>, Interface</p> <p>Sam Lee Mohan, <i>Clean Energy Innovation Hub</i>, ATCO Gas Australia</p> <p>Craig Ricato, CEO, <i>Experience in delivering Biogas projects and the opportunity for Australia</i>, ReNu</p> <p>Kristin Raman, Hydrogen Project SA, Australian Gas Infrastructure Group</p> <p>Henry Gundry, Woodlawn Echo-Precinct Manager, Veolia</p>
<b>3.30 – 3.45</b>	<b>AFTERNOON TEA</b>
3.45 – 4.15	<p><b>AUSTRALIA’S CASE STUDIES – CONTINUED</b> Mike Davis, Network Commercial Manger, <i>Jemena’s Western Sydney Green Gas Trial</i>, Jemena</p> <p>Phil Woods, Service Planning Lead, <i>Our current and future biogas program</i>, Sydney Water</p>
4.15 – 4.45	<p><b>MOVING FORWARD – INDUSTRY LEADERS – FACILITATED DISCUSSION</b> What’s next? How can Australia’s industry and government leaders drive a renewable gas industry in Australia? This session will explore the next steps industry needs to take to facilitate the deployment of the sector.</p>
<b>4.45</b>	<b>Close</b>

# SPONSORSHIP OPPORTUNITIES

To discuss sponsorship of this event, please contact:
