Application

Energy Network Industry Innovation Award 2019

This award is in recognition of leadership in the design, development and application of a ground-breaking Australian energy network initiative, technology, service, or solution. It may apply to asset management, distributed energy resources, operations, environment, business models, customer solutions and engagement or a range of other ways in which a business has developed an innovative solution for the energy network sector in Australia.

Key dates

Applications open - 1 July 2019

Applications close - 7 August 2019

Shortlisted finalists notified

- approx. 23 August 2019

Shortlisted finalists teleconference Q&A with judging panel - Monday 2 September 2019 (if required)

Awards ceremony - Annual Dinner

Thursday 12 September 2019, Melbourne

Winners will

- » Receive an award presented at the Energy Networks Australia Annual Dinner on Thursday 12 September 2019.
- » Be recognised via the Energy Networks Australia website, and other publications, where appropriate.
- » Receive two full registrations to Energy Networks Australia Conference + Exhibition 2020 in Brisbane, 2-4 June 2020 (not transferrable).

Guidelines

All entries must adhere to the following guidelines:

- » Must clearly demonstrate the design, development and application of an innovative Australian energy network technology, service, or solution.
- » Must address the key judging criteria (the weighting for each question is indicated).
- » Must adhere to the word limit for each question – extra words will be deleted from the application.
- » Any Energy Networks Australia member company may nominate itself or another member and projects may also be collaborative activities between network businesses and their partners.
- » Primary activity must be demonstrated between 1 July 2018 and 30 June 2019 but it is recognised it may have commenced prior to this date and may be enduring.
- » Entrants may submit only two entries for this category.
- » Entrants may not submit projects that have previously been nominated for this award unless the entrant can demonstrate how the project is substantially different from, or includes a significant enhancement of, the previous year's entry.

How to make your submission

- » **Please submit** your application in Word format with a copy of the signed nomination form.
- » **Please include** up to five photos or images as part of your submission (please note that not all photos will be published in the report).
- » **Please provide** a description for each photo or image eg *Figure1: CEO John Smith talks to xxx*. Please send images as separate files.
- » Award application are due by close of business **Wednesday 7 August 2019**. Given the tight timeframes for 2019, no late entries will be accepted.
- » Email your application to **awards@energynetworks.com.au**.
- » Any questions, please contact **Amanda Kennedy** on (03) 9103 0402
- » Information on past awards can be found at **www.energynetworks.com.au**.

Terms and Conditions

All entries are subject to the following terms and conditions:

- » All submissions become and remain the property of Energy Networks Australia.
- » By submitting an entry, you consent to the information contained in the entry being reproduced in a report following the awards process.
- » To be eligible for this award, the nominating organisation must have been an Energy Networks Australia member between 1 July 2018 and 30 June 2019.
- » Entries must be signed by the CEO of an Energy Networks Australia member organisation.

By submitting an entry, entrants agree to be bound by these terms and conditions.

Application criteria

1. **Project partners** (If any)
2. **Project timeline** eg *October 2018 to May 2019*
3. **Location** eg *Tamworth, NSW*
4. **Funding** Please note any funding grants for the project, for example *ARENA*
5. **Themes** Please indicate any relevant Energy Network Transformation Roadmap themes
6. **Description** **100 words max. No weighting**
Please provide a high level overview of the project or innovation.
7. **Rationale** **100 words max. 10% weighting**
Why did you undertake this project? What were the goals and objectives of the project?
What was the innovation need or problem to be solved?
8. **Approach** **200 words max. 10% weighting**
Please provide a description of the approach used which may include any collaborative processes used to engage partners, customers and stakeholders.
9. **Benefits, results and outcomes** **300 words max. 30% weighting**
Please provide evidence of the outcomes of the innovation or project. You may like to include:
 - » Describe the outcomes of the project, product or solution.
 - » How will this innovation improve outcomes for energy network customers?
 - » Were the objectives achieved?
 - » Describe what has been learnt from the project.
10. **Innovation indicators** **750 words max. 50% weighting**
How did the project meet the following indicators:
 - » **Innovation leadership:** How did this advance existing technologies, services or techniques in the Australian energy system? How will this contribute to leading innovation across the energy network sector?
 - » **Innovation impact:** How has this project led to changes in your organisation? How has this improved your organisation's approach to problem solving? What didn't go to plan but provided a useful insight for the future?
 - » **Knowledge sharing:** What is the potential application of the project across the sector? What opportunities are you taking, or will take, to share learnings?
 - » **Efficiency and productivity:** Does this project have the potential to improve the affordability, reliability and sustainability of the energy system and of network services?
11. **Optional background information** **500 words max. No weighting**
 - » Additional background information may be provided for the judging panel that will **not** be published (up to a maximum of 500 words). Please indicate which question the additional information relates to. Additional weighting will not be given to this section however, text included may be considered and weighted according to the relevant question.
